

All departments belonging to MGC graduate program:

MGC departments at Erasmus MC

Biochemistry (Prof. Dr. P. Verrijzer)

Bioinformatics, Department of Pathology (Prof. Dr. P. van der Spek)

Cellbiology (Prof. Dr. D. Huylebroeck)

Clinical Genetics (Prof. Dr. R.M.W. Hofstra)

Developmental Biology (Prof. Dr. J. Gribnau)

Erasmus Optical Imaging Centre (OIC), Department of Pathology (Prof. Dr. A. B. Houtsmuller)

Genetic Epidemiology (Prof. Dr. C.M. van Duijn)

Genetic Identification (Prof. Dr. M. Kayser)

Molecular Genetics (Prof. Dr. R. Kanaar)

Pediatric surgery (Prof. Dr. D. Tibboel)

MGC departments at LUMC

Anatomy and Embryology (Prof. Dr. C.L. Mummery)

Cell and Chemical Biology (former Molecular Cell Biology) (Prof. Dr. J.J.C Neefjes)

Clinical Genetics (Prof. Dr. C.J. van Asperen)

Dermatology (Prof. Dr. M.H. Vermeer, Dr. R. van Doorn, Dr. C.P. Tensen)

Human Genetics (Prof. Dr. S.M. van der Maarel)

Molecular Epidemiology (Prof. Dr. P.E. Slagboom)

Pathology: molecular tumorpathology (Prof. Dr. V.T.H.B.M. Smit)

MGC departments at Leiden University

LACDR (Leiden Academic Centre for Drug Research) – Research Division Drug Discovery and Safety (Prof. Dr. B. van de Water)
